QIA and its subsidiaries Qikiqtaaluk Corporation and Kakivak Association are involved in a wide range of advocacy, social development and economic development projects. For certainty, this RFP is only for QIA itself and not those subsidiaries. For more information about QIA, see qia.ca.

The successful Proponent will respect Inuit Qaujimagatuqangit, Inuit traditional knowledge, and will work towards ensuring Inuit knowledge is applied, to the extent possible, including valuing principles that are based on *Aajiiqatigiinniq* and *Piliriqatigiinniq*.

QIA is seeking to develop and provide a recreational scuba dive training program to selected Inuit in the Qikiqtani region.

The successful Proponent will be required to conduct the dive training program in two different phases. TRAINING

Phase 1: Introduction to Swim, Snorkel, and Scuba

- Swim lessons (achieving comfort in the water).
- Snorkel Certification.
- Introduction to scuba diving.
- Medical assessment.

Phase 2: Open Water Recreational Certification (in a Southern location).

- Open Water Recreational Certification including theoretical class.
- Open water scuba diving.
- Practice with drysuit diving.
- Boat diving.
- Good understanding of equipment uses and maintenance of individual and community scuba gear.

EQUIPMENT

The proposal must include:

- 1) The cost to rent dive (snorkel / scuba) equipment as needed for students to become comfortable in the water during Phase 1, and
- 2) Purchase of individual dive equipment for students who progress to Phase 2, as well as community dive equipment for 1 community (Qikiqtarjuaq).
